EXPERIENCE

Freelance Web Developer July 2024 - September
ElitCeler Technologies Pvt. Ltd. *Hyderabad, India*

- Implemented front-end technical solutions, creating 5 new web pages based on project requirements.
- Assisted in business scoping efforts, contributing to the acquisition of 4 new clients.
- Collaborated in an Agile environment, participating in design reviews, programming, and testing applications.
- Identified and implemented dynamic web solutions adhering to company standards and best practices.

Campus Lead July 2023 - July 2024
Google Developers Student Club *Hyderabad, India*

- Led the GDSC Anurag University chapter, organizing 10+ events and guiding 200+ participants to earn Google Cloud certifications.
- Collaborated with other leads to host the GDSC WoW Hyderabad event at MLR Institute of Technology, hosting 600+ students and 10 speakers.
- Developed skills in time management, stress management, and multitasking while handling large-scale events and unexpected challenges.

PROJECTS

Femica.Ai - Women Wellbeing AI Chatbot [\(Github\)](#)

- Developed and deployed a chatbot focused on addressing female health and well-being queries using Llama 3.1.
- Integrated advanced AI models with a responsive UI for seamless user interaction.
- Designed and implemented a clean, user-friendly interface using ReactJS and Tailwind CSS.
- Deployed the application on Vercel, ensuring high availability and performance.

Portfolio Website [\(Live site\)](#)

- Built a personal portfolio website using Shadcn, Framer Motion, Tailwind CSS, Next.js, and React.js to showcase projects and skills.
- Integrated interactive animations with Framer Motion, improving visual appeal and user engagement.
- Designed a responsive layout optimized for different devices and screen sizes.
- Deployed and hosted on Vercel with continuous integration and automated deployment for smooth updates and fast performance.

Movie Recommendation System

- Developed a movie recommendation system using Flask, a machine learning model, HTML, and CSS.
- Implemented recommendation logic based on user input and movie dataset.
- Created a responsive and intuitive frontend to interact with the recommendation engine.

CERTIFICATIONS

- PCAP: Programming Essentials in Python - CISCO ([Certificate](#))
- HTML, CSS, & JavaScript - Certification Course - UDEMY([Certificate](#))

ACHIEVEMENTS

- Winner at HSBC Hackathon 2024
- Runner-up at GDSC Bridgathon 2022 - Web Development Hackathon
- Top 5 Performer at Kushi Ai Ideathon
- Winner at Startup Bootcamp 2023
